

Marysville Joint Unified School District
School Photograph/Interview Permission Form

Dear Parent/Guardian:

On occasion, representatives from the media, or the Marysville Joint Unified School District, wish to photograph and/or interview students in connection with school programs or events.

As per Education Code 49075, records are prohibited from release by a school district without the written consent of a minor's parent/guardian. Student photos and comments constitute student records. To give your permission, please complete the form below and return it to your child's school.

Student photo and interview release guidelines: All students enrolled in the Marysville Joint Unified School District must have written permission on file prior to release of photographs or comments. In order to preserve the students' rights, we may, in some instances, require interviewers and photographers to take special precautions to preserve the identity of the students. Such precautions may include, but are not limited to, obscuring the photo of the student's face and using no name or only first names when quoting students.
